Canadian Light Source Inc. ____

Welcome to Confluence!

Canadian Light Source | Centre canadien de rayonnement synchrotron

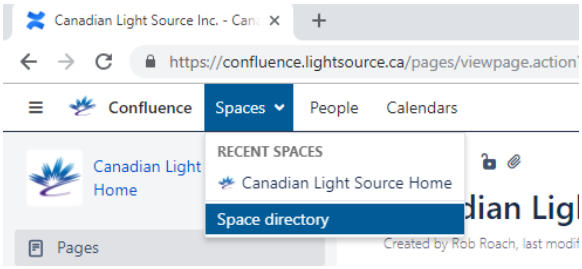

Confluence is a easy to manage enterprise wiki that enables organization, collaboration and visibility throughout the organization.

The Canadian Light Source uses Confluence for many different purposes and in many different ways. We have found Confluence to be an extremely effective tool for client collaboration, document management, project development, internal communication, and cross-functional knowledge sharing.

What is a Space?

Spaces are Confluence's way of organizing content into meaningful categories. Think of it like having different folders into which you can put your work.

To access specific spaces, in the top menu bar choose 'Spaces', followed by 'Space directory'. You will be taken to a page listing all spaces you have access to.

Need Support?

For support requests, please contact the ST Service Desk at 306-657-3636, or via email at ST.ServiceDesk@lightsource.ca.
